Christmas

CHRISTMAS
MAY
2024

Celebrating 35 years of business growth in the illuminated decoration industry, we are proud to announce that we will be renaming our company's name from FOTODIASTASI illumination to FDS illumination.

We have changed our name to one that is easy to pronounce, a name that is easy to find and refer to others.
A name that is here to stay for another 35 years.

FDS
illumination

We've changed our name, but you can still rely on us to design and produce the best quality illuminated decoration you have ever seen. There has been no change in management and we will be providing the same products and fine service on which we have build our reputation in the industry.

We're the same people still creating great stuff and you can expect the same service and dedication to quality that you have come to expect from us over the years.

Legal and company registration number remain unaffected.

OPTIMUM

- the most favorable point, degree, or amount of something for obtaining a given result.
- the most favorable conditions for the growth of an organism.

Paleohorinos Giannis / CEO

... perfection is our passion

WELCOME TO OUR
FASCINATING
WORLD!

WHO WE ARE

35 Years

FDS seasonal luminaries have been manufactured since 1987, the year Paleohorinos Giannis founded the company. The company now operates from the Group's modern 500.000 sqft factory in Thessaloniki - North Greece and also in another 1.200.000 sqft factories in South & North Bulgaria. FDS is well known throughout the world and provides a comprehensive range of professional decorative lighting for outdoor or indoor use. Innovations introduced from FDS illumination have been recognized around the world and have won numerous awards from leading institutions. In our facilities, the future is full of ambitions plans and ideas. FDS continues to focus on designing and producing well engineered products utilizing the very latest available technology to meet the creative, technical and practical demands of our wide range of partners and customers.

OUR HEADQUARTERS

PRODUCTION FACILITIES

FDS PRODUCTION FACILITIES IN GREECE

One of the largest decorative lighting manufacturing facilities in the world. With over 30 horizontal and vertical injection molding machines, CNC and laser cutting machines occupying our manufacturing facility, it's no wonder that we have a track record for being very exceptional at working with all sorts of raw materials. Our facilities are second to none. Aside from the spotlessly clean environment, we have the latest and most advanced industrial machinery, allowing us to replace third-party suppliers while maintaining and even improving efficiency in the production.

FDS PRODUCTION FACILITIES IN BULGARIA

*W*ith facilities to build and test designs in house, the development process of a project at **FDS Bulgaria** is quick and efficient. All our staff members enjoy a clean and safe working environment that would impress most high-technology manufacturers. Uniforms are provided for all employees, as well as the health and safety equipment required for their job and full training to use it effectively. All line employees are trained in advanced production techniques and taught all of the skills required to meet our high quality standards. We pride ourselves on the high quality and attention to detail that we maintain throughout all stages of production.

WE USE EXCLUSIVELY EUROPEAN RAW

QUALITY

CERTIFICATION

DESIGN

Our Powder coating factories are dedicated in delivering the most vibrant, unique and durable finishes in the industry.

FDS illumination has the expertise to make a product's finish truly superior.

Years of experience help us to eliminate possible process problems before they occur. Our coating engineers stand ready to recommend the best coating solution for any application.

BRANCH GARLAND AND SWAG PRODUCTION

At **FDS illumination** we use only the very best high-tech machines for all processing of metals and plastics, to guarantee that our clients products have outstanding quality and competitive prices. Our years of experience and strong understanding of the functionality of these products allows us to assist customers in developing the best design for durability, packaging, shipping, installation and pricing.

TINSEL GARLAND PRODUCTION

CARPET PRODUCTION

METAL WORKING

BENDING
AND CUTTING
PRODUCTION

*B*ending metal can be tricky, but with the right tools and experts it's a precision task. Our bending machines are used to manufacture aluminum frames, steel sections, ornamentals, decoratives and more. Our technicians have many years of experience and know how to manufacture custom parts and assemble them to meet your specific needs.

**METAL
LASER
CUTTER**

**PLEXIGLASS
LASER
CUTTER**

VINYL PRODUCTION

*L*aser cutting is a subtractive manufacturing technology that uses a high power laser beam to cut flat sheet materials.

A computer directs this laser to follow a cutting line based on a digital design. The high precision laser cuts through the material, leaving a high quality cut edge finish.

Laser engraving is similar, but instead of using the laser beam to cut through the material sheet, it engraves the material surface. Following the engraving line or area in a digital design, the laser subtracts a thin layer of the material surface.

*O*ur high power, precision machines and software can quickly convert a design into a precision laser cut product.

Projects utilizing our laser cut products can lead to extraordinary interior and exterior decorations.

*W*e have the flexibility to create any kind of design and use it on our finished products, giving them a special and unique touch.

Ideas come
to Life!

WORK WITH YOU

The process begins with an artist's rendering of your idea, which we will carefully fine-tune into a spectacular finished product.

Our design team will start with the received photos from your area of interest and will transform them into unique visuals with the products of your choice and with a spark of magic that only FDS knows how!

FDS has been designing, manufacturing and creating magical festive worlds for the past 34 years. Our passion for perfection attracts attention from people, your customers, around 80 countries worldwide, where our creations have been successfully installed. We customize decoration based on your needs and your brand, and we are proud to have cultivated an impressive list of clients who consistently turn to us as their decoration partner.

As leaders in the holiday decorating industry since 1987, our vast knowledge of materials and keen understanding of what is necessary for successful execution, is the cornerstone of the process - yet our experience is constantly inspired by both innovation and tradition.

What makes us unique is our ability to invent the standards and set the trends in the illuminated decoration industry by using our creative imagination, high quality materials, durable professional constructions and first class after sales service to build and maintain long lasting business relationships with the largest and most respectful corporations worldwide.

Holiday decoration is much more than just a beautiful ornament, a flickering light or a Christmas tree. Our ability to understand design, our ability to manufacture what we design and the implementation to real decoration themes, is what makes us a preferred partner for our customers.

It is our passion with detail that ensures your seasonal decor will be a success.

FDS & ECOLOGY COMMITTED TO PROTECTING THE ENVIRONMENT

With great enthusiasm and strong social responsibility, **FDS Greece** aspires in the illumination field for energy conservation and environmental protection.

Protecting the environment is not just sound business practice and part of our duty as a good corporate citizen, but it is also a key success factor for our company.

In our global operations, featuring a great diversity of processes, products and services, our company is concerned with sustaining the natural resources essential to life.

By employing innovative manufacturing methods, improving LED products and maintaining high environmental standards, we work to overcome environmental challenges all over the world.

In a similar way to ensuring our products meet the toughest standards, our factories and several sales points around the world, are certified according to ISO 14001, the internationally recognized Environmental Management Standard.

The comprehensive quality management system ensures that **FDS** lighting systems offer certified quality from the development phase to the materials used and the end product itself. Individual components, plastics and metals can be re-used when a light has reached the end of its lifecycle.

Our knowledge and our solutions are helping to create a better world.

We have a responsibility to the wider community and we are committed to environmental protection.

At **FDS Greece** just because of the benefits that our planet and ourselves get from trees, at 2011 we have planted over 300 trees in our Greek facilities and another 300 in our Bulgarian facilities.

At **FDS Bulgaria** we believe that we have a moral obligation to preserve our rural environment.

A continued focus on good environmental management is positive not only from a sustainability and good business practice point of view, but will also help us to create a better and more healthy product.

FDS Bulgaria is committed to high standards of environmental performance across all of our lighting business.

We use efficient and renewable energy technologies and offer energy saving lighting products that are compliant with environmental protection laws.

Our aim is to significantly reduce environmental pollution as well as protect people from exposure to hazardous materials.

Trees being oxygen filters, providing shelter and food for humans as well as animals and their influence on the climate.

In order to help the environment, at **FDS Bulgaria** last year we have planted over 300 trees in our facilities in South part of the country.

Apart from our lighting business, our staff and specialized agronomists helping us to grow grapes and make our own wine, a wine that will be offered free of charge to **FDS** family and its clients worldwide.

30

PRINTING

After more than 3 years of development, we are in the pleasant position to announce that **FDS** has incorporated a new technology for a healthier environment !

FDS is now capable of producing 100% recyclable products with our massive Robotic 3D Printers, which are probably the largest in the festive lighting industry, fully custom-made to meet even the most demanding customer's needs.

For our new recyclable product range, the materials that we use are PET, Biodegradable materials and many other recyclable or recycled materials.

A great advantage of this technology is that after the end of their use, all our products can be recycled.

Aluminium production requires high amount of energy, causing great environmental pollution.

With 3D printing, we use about 20% aluminium and 80% plastic, so we reduce over 80% the use of aluminium, thereby resulting to a major reduce of energy.

As a result, this new technology helps us understand the impact our actions have on the environment and benefits our environmental awareness.

Advantages:

Trade Shows

Having built up a significant network of clients throughout Greece and Bulgaria, **FOTODIASTASI** can now boast substantial activity beyond Greek frontiers, showing a solid progress of growth in most foreign countries.

Our main concern being to expand our client base and our markets at the local as well as at the international level.

Each year we take part at internationally recognized trade shows around the world.

Our dynamic and steady investment, plus the export of our products to over 60 countries throughout the world, from Russia and Germany, to Australia and United Arab Emirates, from US and Chile, to Morocco and South Africa, is proof that at **FOTODIASTASI** development never stops.

WHAT WE DO

ITALY

Rome

SHOPPING CENTERS

FDS as the industry leader in commercial illuminated decoration, provides full range of professional services including consulting, design, production, transportation, installation and project management.

We specialize in creating magnificent and unique decorations for all holidays and seasons including Christmas illuminated decoration, giant Christmas trees, huge illuminated creations and much more for any holiday season where your venue needs to become a shoppers attraction, a landmark impossible to ignore.

Whether your shopping center requires a theme that is luxurious and stylish or classic and traditional, our team of creative designers will create a custom decoration theme that illuminates the essence of your brand.

Our distinctive approach to commercial shopping center decoration means much more than beautiful ornaments.

While our holiday environments are exciting and fun, we aim to develop themed concepts that attract holiday shoppers and set your property apart from the competition.

High quality materials, the latest technology in machinery, hand crafted creations and passion for detail, distinguish our commercial seasonal decoration that stands above all others in the industry.

Decorating a shopping center can be a time consuming task, full of details that make all the difference when compared with the competition. During the holiday season you have to manage a thousand more important tasks to prepare your business space on time for the holiday shopping rush. You can't afford to spend much time and effort thinking how to decorate the area.

While you focus on your business our professional project management team, realizing how vital holiday decorations are for your venue, will handle your Christmas decorations and prepare even the smallest detail for you.

Entrances, escalators, food courts, major pedestrian corridors and other high traffic areas provide great visibility and can help ignite the seasons spirit!

At **FDS**, we know how to maximize high traffic areas to create a memorable holiday experience for shoppers and visitors. Let us design the perfect decoration for your setting. Watch the magic unfold as your idea evolves from an artist's rendering to final design to actual installation.

The result will be a unique awe-inspiring, memorable holiday shopping experience for your customers...

CITIES

FDS illumination works with cities all around the world for both holiday and permanent decorations. We decorate their streets with our light motifs creating captivating street views for drivers and pedestrians passing.

We have endless designs at our disposal, capable of responding to every possible case from Christmas and Easter to Halloween and Ramadan events and custom requests for national holidays.

Keep the excitement generated by our illuminated decorations buzzing the whole year round with seasonal decoration from **FDS**.

We specialize in creating stunning seasonal decoration for commercial outdoor properties and other public venues.

Outdoor centers provide an ideal setting in which to celebrate holidays or the change of seasons on a grand scale, and can generate enthusiasm among merchants and shoppers alike.

Nearly every city is home to public spaces that serve as a sort of "community living room", where locals and visitors gather to celebrate the festive season. These include city plazas, parks, open air marketplaces, public squares, main streets, and major pedestrian areas. Such spaces are ideal sites for high impact holiday displays that can make a grand impression and set the tone to introduce the city spirit of the season.

FDS can help achieve maximum impact for your display by taking advantage of high pedestrian traffic areas, optimum visibility, access to shops and parking, and other important design considerations.

We'll also show you how our unique brand of practical creativity can help you reach your design goals at a price that meets your budget.

With over 33 years of design experience and unwavering attention to detail, we are able to create high-impact seasonal displays, even with a modest budget.

Aluminium constructions, light strings, led rope lights, led falling tubes and more materials in all shapes, sizes and colours are combined to create the most beautiful and unique designs to choose from. Cross street motifs and lighted pole mounts enhance the urban view and create a welcoming festive atmosphere for locals and visitors alike.

AIRPORTS

During the holidays season, airports around the world are transforming their terminals with Christmas decorations, illuminated trees and bright lights, helping travellers enjoy their stay while waiting for their flight.

Airport officials contact us when they need help in creating a spectacular holiday display that would be remembered by travelers from around the world. From big golden gates to small delicate Christmas characters and trees, we try to spread the Christmas spirit all around the world.

Arriving passengers are surprised by enormous trees decorated with all kind of colorful ornaments, while wreaths and garlands cover the whole airport. Anyone visiting the airports we decorate can admire the over-sized walkthrough motifs and unique decorations. Bright lights, decorated giant trees, and huge gift boxes greet passengers in the check-in hall.

We offer solutions to decorate your space from top to bottom. We can easily handle anything from giant Christmas trees to enormous constructions. All that we will ask of you is to explain your vision to our design team and we'll bring it to life. To simplify things for you, we can provide themed design concepts adapted to your airport to choose from.

You can trust us to incorporate the uniqueness of your space with the latest design concepts, resulting in a distinctive holiday decoration.

HOTELS

Making your guests feel a warm welcome can be done in many ways, but when it comes to Christmas Holidays guests, there is only one way to bring that special feeling over to them, by getting the best possible Christmas decoration you can get.

Whether modern or traditional we have the solution that will fit the character of your hotel and enhance its warmth, to transform it to a place you want to stay longer and come back again and again.

A well balanced lighting decoration will complement the architecture of the hotel but also show the festive side of the property. A rich decoration will make a landmark of the building and will become the talk of the town. No matter how you want to decorate your property, our designers are capable of finding the fine line between beautiful and affordable.

Our creative team has produced an extensive library of ornaments to choose from, but we can modify all our products to meet your needs. Whether it be big trees or elegant decoratives, use one of our unique designs or we will help you create your own signature masterpiece.

Our products transform your space with class and distinction.

FDS illumination has the experience and expertise to bring your vision to reality...

COFFEE SHOPS & RESTAURANTS

Holidays bring a different kind of emotion when going out for a drink or dinner. People change and show their holiday spirit. They are looking for celebration, togetherness. Your place needs to have spectacular decoration that attracts and keeps customers. When decorating bars & restaurants we know all too well how to create that atmosphere and help you keep your customers in high spirits during the holiday season.

No matter the task we can create holiday worlds of light and color that will transform your property to a magical place where guests will spend more time and spread the word for more guests to come.

Every **FDS** project is completely customized to fit a particular location and need. We offer so many options, that it's easy to feel overwhelmed when considering which decorative elements to incorporate.

We will help you decide which design fits best by making unique visuals with different designs for you to choose which one you prefer.

CASINOS & RESORTS

Today's entertainment destinations have high expectations to live up to. When your guests arrive, they expect to be wowed the moment they open the door. In fact, high impact decoration for casinos and resorts are no longer a luxury – they're a marketing necessity.

At **FDS**, we welcome this challenge. For the past 30 years, we've made a name for ourselves by creating spectacular holiday decoration that has become the talk of the industry.

By strategically placing our seasonal decoration in high-traffic areas of your casino or resort, we can maximize their wow factor. These areas provide an excellent opportunity with which to introduce your seasonal theme and set the stage for excitement!

Your guests will be sure to share the eye-popping power of your seasonal decoration through social media, so don't be surprised to see your displays go viral!

SPECIAL EVENTS

Having a special event coming to your mall?
Hosting a concert or fundraiser?
We can work together to create customized
illuminated decoration, tailored specifically for
your event.

Take part in the design process and behold the
creative metamorphosis that takes place as
our talented design team turns your idea into
an artist's rendering.
Then watch as we fine-tune your concept to
create a high-quality, one-of-a-kind decoration
or display, expertly crafted to your exact design
specifications.

All of our displays are built with safety and
ease of installation in mind, so that they can
be easily installed by our installation crew, your
mall facilities staff, or an approved installation
provider of your choosing.

Our experienced design team can create a
festive atmosphere for any event, regardless
of budget.

Our new catalogue contains a wide variety of
designs. Feel free to contact us if you have any
question or preference regarding our designs.
We can help you customize the shape, color
and size of any product you choose.
We invite you to join us in the creative process.

Ready to get started?
It begins with an artist's rendering of your
vision and eventually evolves into a spectacular
one-of-a-kind decoration built to your exact
requirements.

Enjoy browsing through our catalogue!

POLYCARBONATE & ALUMINIUM COLUMN BASE SUPPORT

WITH EMBODIED COLUMN PROTECTION RUBBER RINGS

POLYCARBONATE POLE MOUNTING SYSTEM.
SUPPORT DE MONTAGE DE MOTIF SUR POTEAU EN POLYCARBONATE.
BEFESTIGUNGSVORRICHTUNG AUS POLYCARBONAT FÜR DIE ANBRINGUNG VON MOTIVEN AN SÄULEN.
BASE DE POLICARBONO PARA LA FIJACIÓN DE DECORACIÓN SOBRE COLUMNA.
BASE IN POLICARBONATO PER ANCORAGGIO DI DECORI SU SUPPORTO VERTICALE.

All our brackets are aluminium made, covered with high quality transparent polycarbonate material. This method offers high safety, even if electric shock comes in the main power supply. Due to the transparency of the polycarbonate material, the pole mounting system is almost invisible on the column.

Les supports de montage sont fabriqués en aluminium à revêtement en polycarbonate qui offre une sécurité absolue, fonctionnant comme isolant entre le dispositif lumineux et le poteau. Le revêtement du support en polycarbonate transparent le rend quasi-invisible sur le poteau.

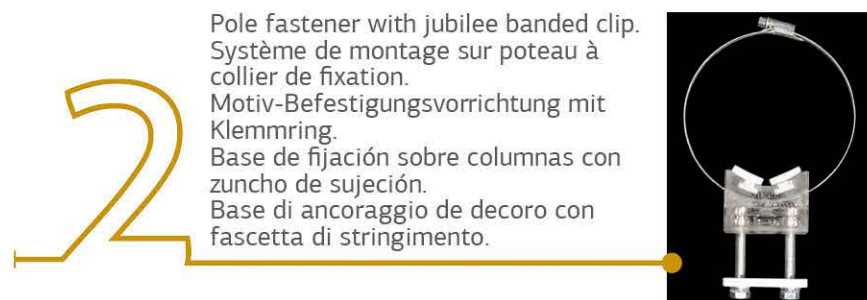

Jede Befestigungsvorrichtung wird aus Aluminium, mit Polycarbonat beschichteten Platten hergestellt. Dies gewährleistet eine sichere Isolierung zwischen dem Leuchtkörper und der Säulen. Die Polycarbonat-Verkleidung der Befestigungsvorrichtung sorgt außerdem für eine unsichtbare Anbringung an der Säulen.

Las bases de fijación están formadas por aluminio y revestidas con policarbono y garantizan plenamente el aislamiento entre la luminaria y la columna. Gracias al revestimiento de policarbono, la base de fijación apenas es visible en la columna.

Le basi dei decori sono in alluminio rivestito di policarbonato che offre un'assoluta sicurezza grazie alle sue proprietà isolanti. Il rivestimento in policarbonato trasparente rende il sistema di ancoraggio quasi invisibile.

*Enables the motif to be assembled with the minimum effort and time.
Montage rapide et facile du motif sur poteau, sans outils.
Einfache Anbringung des Motivs ohne die Verwendung von Werkzeugen.
Montage de luminoso rapida y facilmente sin necesidad de utilizar herramientas.
Sistema facile e veloce per ancorare il decoro al supporto senza dover utilizzare attrezzi.*

1 Position the pole base between the two screws then slide on the special safety plate.
Après avoir placé le support de motif entre les deux vis, placez la lame spéciale de verrouillage.
Die Motiv-Halterung wird zwischen den zwei Schrauben platziert, danach wird die spezielle Sicherungsplatte angebracht.
Una vez colocada la base del luminoso entre los tornillos, colocamos la placa especial de seguridad.
Inserita la base del decoro tra le due viti, applicare l'apposita di sicurezza.

2 Apply the locknuts followed by the wing nuts.
Placez les rondelles plates et les écrous à oreilles.
Die Sicherungsleisten und die Schmetterlingsschrauben anbringen.
Colocamos los seguros y las mariposas.
Inserire le rondelle e avvitare i dadi a farfalla.

3 Screw as tightly as possible to secure the Pole.
Vissez aussi fermement que possible pour que le motif soit immobilisé.
Die Schrauben möglichst festziehen, so dass das Motiv sicher angebracht ist.
Atornillamos con firmeza para que el luminol quede bien fijado.
Inserire le rondelle e avvitare i dadi a farfalla.

4 The first base support is ready.
Le premier support de montage est prêt.
Die erste Befestigungsvorrichtung ist fertig.
La primera base de fijación está lista.
La prima base di ancoraggio è pronta.

5 Repeat the process for the second base support.
Suivez la même procédure pour le second de montage.
Den gleichen Vorgang für die zweite Befestigungsvorrichtung wiederholen.
Seguimos el mismo procedimiento con la segunda base de fijación.
Seguire lo stesso procedimento anche per la seconda base di sostegno.

6 Your light motif is ready for use.
Votre motif est prêt à être illuminé.
Unser Leuchtmotiv ist betriebsbereit.
Nuestro luminoco ya puede funcionar.
Il decoro luminoso è pronto.

ALUMINIUM COLUMN BASE SUPPORT

POLE MOUNTING SYSTEM.
 SYSTEME DE MONTAGE SUR POTEAU.
 SYSTEM FÜR DIE ANBRINGUNG VON MOTIVEN AN SÄULEN.
 BASE DE FIJACIÓN DE DECORACIÓN SOBRE COLUMNA.
 BASE PER ANCORAGGIO DI DECORI SU SUPPORTO VERTICALE.

With our new patent, you can support any type of motif of base 5mm to 30mm in mere seconds by simply tightening the wing nuts by hand, without the need for any tools or special bends in the central base support.

Grâce à notre nouveau dispositif breveté, il vous suffit de quelques secondes pour monter tout motif à support de 5mm à 30mm sur poteau en vissant simplement les écrous à oreilles à la main, sans avoir besoin d'outils et, surtout, sans avoir besoin de cornières spéciales pour le support central du motif.

Mit unserem neuen Patent können Sie jedes Motiv mit einer Basis von 5mm bis 30mm innerhalb von Sekunden anbringen. Sie brauchen dazu lediglich die Schmetterlingsschrauben manuell festziehen, ohne dass Sie dazu ein spezielles Werkzeug oder spezielle Eckplatten an der zentralen Befestigungsvorrichtung des Motivs benötigen.

Con nuestra nueva patente, puede fijar cualquier decoración para columnas que tenga una base de 5mm a 30mm en pocos segundos, simplemente atornillando las mariposas con la mano, sin necesidad de utilizar ninguna otra herramienta y sin necesidad de utilizar angulares especiales con la base de fijación central sobre columnas.

Grazie al nostro dispositivo brevettato, qualsiasi figura che abbia una base di 5-30mm può essere applicata al supporto verticale in pochi secondi. I dadi a farfalla si avvitano a mano, non occorrono né attrezzi né speciali supporti ad angolo.

 La prima base di ancoraggio è pronta.

Repeat the process for the second base support.
 Suivez la même procédure pour le second de montage.
 Den gleichen Vorgang für die zweite Befestigungsvorrichtung wiederholen.
 Seguimos el mismo procedimiento con la segunda base de fijación.
 Seguire lo stesso procedimento anche per la seconda base di sostegno.

Your light motif is ready for use.
 Votre motif est prêt à être illuminé.
 Unser Leuchtmotiv ist betriebsbereit.
 Nuestro luminoso ya puede funcionar.
 Il decoro luminoso è pronto.

OMEGA

SYSTEM WITH RUBBER PROTECTION

- 1 OMEGA.48 for pole Ø 48mm
- 2 OMEGA.60 for pole Ø 60mm
- 3 OMEGA.76 for pole Ø 76mm
- 4 OMEGA.88 for pole Ø 88mm
- 5 OMEGA.100 for pole Ø 100mm
- 6 OMEGA.114 for pole Ø 114mm

POLYCARBONATE & ALUMINIUM COLUMN BASE SUPPORT

POLYCARBONATE POLE MOUNTING SYSTEM.
SUPPORT DE MONTAGE DE MOTIF SUR POTEAU EN POLYCARBONATE.
BEFESTIGUNGSVORRICHTUNG AUS POLYCARBONAT FÜR DIE ANBRINGUNG VON MOTIVEN AN SÄULEN.
BASE DE POLICARBONO PARA LA FIJACIÓN DE DECORACIÓN SOBRE COLUMNA.
BASE IN POLICARBONATO PER ANCORAGGIO DI DECORI SU SUPPORTO VERTICALE.

All our brackets are aluminium made, covered with high quality transparent polycarbonate material. This method offers high safety, even if electric shock comes in the main power supply. Due to the transparency of the polycarbonate material, the pole mounting system is almost invisible on the column.

Les supports de montage sont fabriqués en aluminium à revêtement en polycarbonate qui offre une sécurité absolue, fonctionnant comme isolant entre le dispositif lumineux et le poteau. Le revêtement du support en polycarbonate transparent le rend quasi-invisible sur le poteau.

Jede Befestigungsvorrichtung wird aus Aluminium, mit Polycarbonat beschichteten Platten hergestellt. Dies gewährleistet eine sichere Isolierung zwischen dem Leuchtkörper und der Säulen. Die Polycarbonat-Verkleidung der Befestigungsvorrichtung sorgt außerdem für eine unsichtbare Anbringung an der Säulen.

Las bases de fijación están formadas por aluminio y revestidas con policarbono y garantizan plenamente el aislamiento entre la luminaria y la columna. Gracias al revestimiento de policarbono, la base de fijación apenas es visible en la columna.

Le basi dei decori sono in alluminio rivestito di policarbonato che offre un'assoluta sicurezza grazie alle sue proprietà isolanti. Il rivestimento in policarbonato trasparente rende il sistema di ancoraggio quasi invisibile.

BRA.02

WIND SUPPORT SYSTEM FOR COLUMN AND CROSS STREET MOTIFS.
 SYSTEME DE RENFORCEMENT ANTI-VENT POUR CANDELABRES ET LUMINAIRES DES RUES.
 WINDSCHUTZSYSTEM ZUR VERSTÄRKUNG VON SÄULEN-UND STRASEER-LEUCHTSCHMUCK.
 SISTEMA DE REFUERZO QUE PROTEGE DEL VIENTO PARA ALUMBRADO DE POSTES Y CALLES.
 SISTEMA DE SUPPORTO ANTIVENTO SU ADDOBBI LUMINOSI PER PALI E STRADE.

WSS.C

Corner joint.
 Fixation aux angles.
 Eckverbindung.
 Conexion anular
 Saldatura angolare

Installation of WSS.C corner system.
 Pose d'un système d'angle WSS.C.
 Anbringung eines WSS.C-Eckstücks.
 Colocacion del sistema angular WSS.C.
 Installazione sistema WSS.C angolare.

Corner bracing system component.
 Systeme d'angle pour le renfort des structures.
 Eckstück für die Verstärkung der Konstruktionen
 Sistema angular de refuerzo de las construcciones.
 Sistema angolare di supporto per strutture.

WSS.T

T-joint.
 Fixation intermédiaire.
 Zwischensystems.
 Conexion intermedia.
 Saldatura intermedia.

Installation of WSS.T-joint system.
 Pose du système intermédiaire WSS.T.
 Anbringung eines WSS.T-Zwischensystems.
 Colocacion del sistema intermedio WSS.T.
 Installazione sistema WSS.T intermedio.

T-joint bracing system component.
 Système intermédiaire de renforcement des structures.
 Zwischensystems für die Verstärkung der Konstruktionen
 Sistema intermedio de refuerzo de las construcciones.
 Sistema intermedio di supporto per strutture.

WSS

WIND SUPPORT SYSTEM

Our latest invention - WSS - is a revolutionary new system for the protection of pole-mounted and across-street lighting motifs from side and front winds. With the system, lighting motifs are 100% protected, given that the rods remain secure at joints in other words, the rods are protected and motionless under any weather conditions.

Notre nouvelle invention, le système de renforcement anti-vent (WSS), constitue désormais un système original de protection des candélabre et des luminaires de rues face aux vents frontaux et latéraux. Avec ce système, nous atteignons une protection 100% des décorations lumineuses, les branches demeurant assurées au niveau des fixations, ce qui signifie qu'elles demeurent protégées et immobiles, quelles que soient les conditions du temps.

Unsere neue Erfindung, das WSS, ist ein revolutionäres und innovatives System zum Schutz von Leuchtsäulen gegen Front- und Seitenwind. Mit diesem System lässt sich ein 100%-iger Schutz der Säulen und Ketten erzielen, da die Stäbe an den Verbindungsstellen gesichert und somit unter allen Wetterbedingungen geschützt und stabil bleiben.

Nuestro nuevo invento, el WSS, es el sistema más revolucionario y original de protección de los sistemas de alumbrado de postes y de calles contra vientos de costado y frontales. Con este sistema logramos la protección al 100% de los sistemas de alumbrado, ya que las barras en los puntos de unión permanecen aseguradas, es decir, protegidas e inmóviles bajo cualquier condición climática.

La nostra nuova invenzione, il WSS, è il più rivoluzionario sistema innovativo per la protezione dai venti diretti e laterali degli addobbi luminosi per pali e strade. Con questo sistema, gli addobbi luminosi sono protetti al 100% poiché le barre nei punti di ancoraggio rimangono sicure cioè protette e fisse con qualsiasi condizione atmosferica.
